

# The DLR\_School\_Lab Oberpfaffenhofen

- attracting young people  
to science and engineering

Dieter Hausamann, Tobias Schüttler,  
David Haigermoser, and Britta Kästner  
DLR - German Aerospace Center,  
Wessling, Germany

## DLR Institutes in Oberpfaffenhofen

## Research Areas

- earth observation
- sensor technologies
- space-borne missions
- rocket missions
- airborne missions
- earth observation data
- environmental research
- meteorology
- communication and navigation
- robotics and mechatronics

## Inquiry-based science education concept

- small teams (4 + 1)
- autonomy
- self-directed
- haptical
- 2 hours per expt
- adjustable complexity
- results depending on students
- product oriented
